

TRIBLER ORPETT & MEYER, P.C.
IS A CLIENT-FOCUSED
CIVIL LITIGATION FIRM,
SERVING THE INSURANCE AND
BUSINESS COMMUNITIES
THROUGHOUT THE UNITED STATES.

We represent and counsel clients to prevent and promptly resolve disputes by providing the highest quality legal services and consistently achieving optimal results at reasonable costs.

We are committed to deliver personal, responsive and exceptional service while adhering to the highest standards of professionalism and integrity.

No matter the case or complexity, we diligently represent our clients' interests in a manner that is tailored to exceed their goals and meet their budgets.

WE FOCUS ON OUR CLIENTS' NEEDS,
NOT OUR OWN.

While any case can be argued on the law and the facts alone, no legal strategy can be complete without a thorough understanding of our clients' goals. We want to hear from our clients and strive to maintain relationships that are collaborative, communicative and accountable.

Although we know that the price of victory is not always counted in dollars and cents—we also recognize that, sometimes, it is. At Tribler Orpett & Meyer, we work for solutions, not billable time.

We have resolved nearly every type of dispute imaginable since the firm's founding over 25 years ago. Today, our focus remains on the following broad areas of practice:

CONSTRUCTION

We have vast experience advising contractors, developers and design professionals in all areas where construction and the law intersect. Our attorneys have defended some of the most prominent parties in the construction field in tort cases involving personal injury, wrongful death, construction defects and property damage. We also have attorneys experienced in commercial matters dealing with disputes involving delay, non-conforming work, breach of contract, mechanics liens and insurance coverage matters.

GENERAL LIABILITY DEFENSE

The backbone of our practice for businesses and insurers is the defense of tort liability claims. Our attorneys evaluate these claims quickly to advise our client of our opinion as to liability and damages and work creatively to reach an early resolution or a favorable outcome at trial.

INSURANCE COVERAGE

Our attorneys have extensive experience with a wide range of property and casualty (including CGL, professional, EPLI, D&O, wrap-up, media), life, accident and health insurance, as well as with self-insurance, high deductible programs, risk pools and alternative risk vehicles. We also counsel insurance companies on bad faith issues, including claims handling matters and relations between and among primary and excess insurance companies.

LABOR & EMPLOYMENT

We help employers comply with all federal, state and local laws and vigorously represent employers in federal and state courts as well as before the various public agencies that enforce employment and labor laws. In addition, we counsel employers and assist with hiring, establishing and implementing policies, drafting employment-related agreements, investigating employee and third-party claims and conducting termination proceedings.

MUNICIPAL PRACTICE & SCHOOL LAW

Our clients have included numerous governmental bodies, including the State of Illinois, counties, municipalities, townships, park districts, school districts and government officials. We also represent individual schools and institutions of higher learning. As a result, the firm regularly finds itself litigating highly publicized cases involving Section 1983 and Constitutional Law, invoking rights under the Due Process Clause, the Equal Protection Clause and the First Amendment. We are also involved in representing these clients in business litigation, contract and employment matters, and discrimination claims under Title VII, the Rehabilitation Act and the ADA.

PROFESSIONAL LIABILITY

We defend professionals, such as attorneys, insurance agents and brokers, financial advisors, real estate agents and brokers, directors and officers, construction managers and architects and engineers. These cases cover various issues, including breach of fiduciary duty, misrepresentation, fraud, negligence, statutory violations, and other alleged errors and omissions.

PRODUCT LIABILITY

We have defended manufacturers and distributors of a variety of products ranging from consumer products, industrial equipment and machinery and motor vehicles. We have also taken the lead in counseling businesses worldwide on product liability issues and have organized U.S. and international conferences focusing on the successful defense and reduction of product liability exposures.

REINSURANCE & REGULATORY PRACTICE

We represent cedents, reinsurers, retrocessionaires, intermediaries and pool managers in a variety of matters before courts and arbitration panels around the country. We have also served as umpires in reinsurance disputes and are recognized in various publications as being among the leading reinsurance counsel in the world. We also have represented companies and pools concerning regulatory compliance and insolvency issues and have advised with regard to policy forms and market practice.

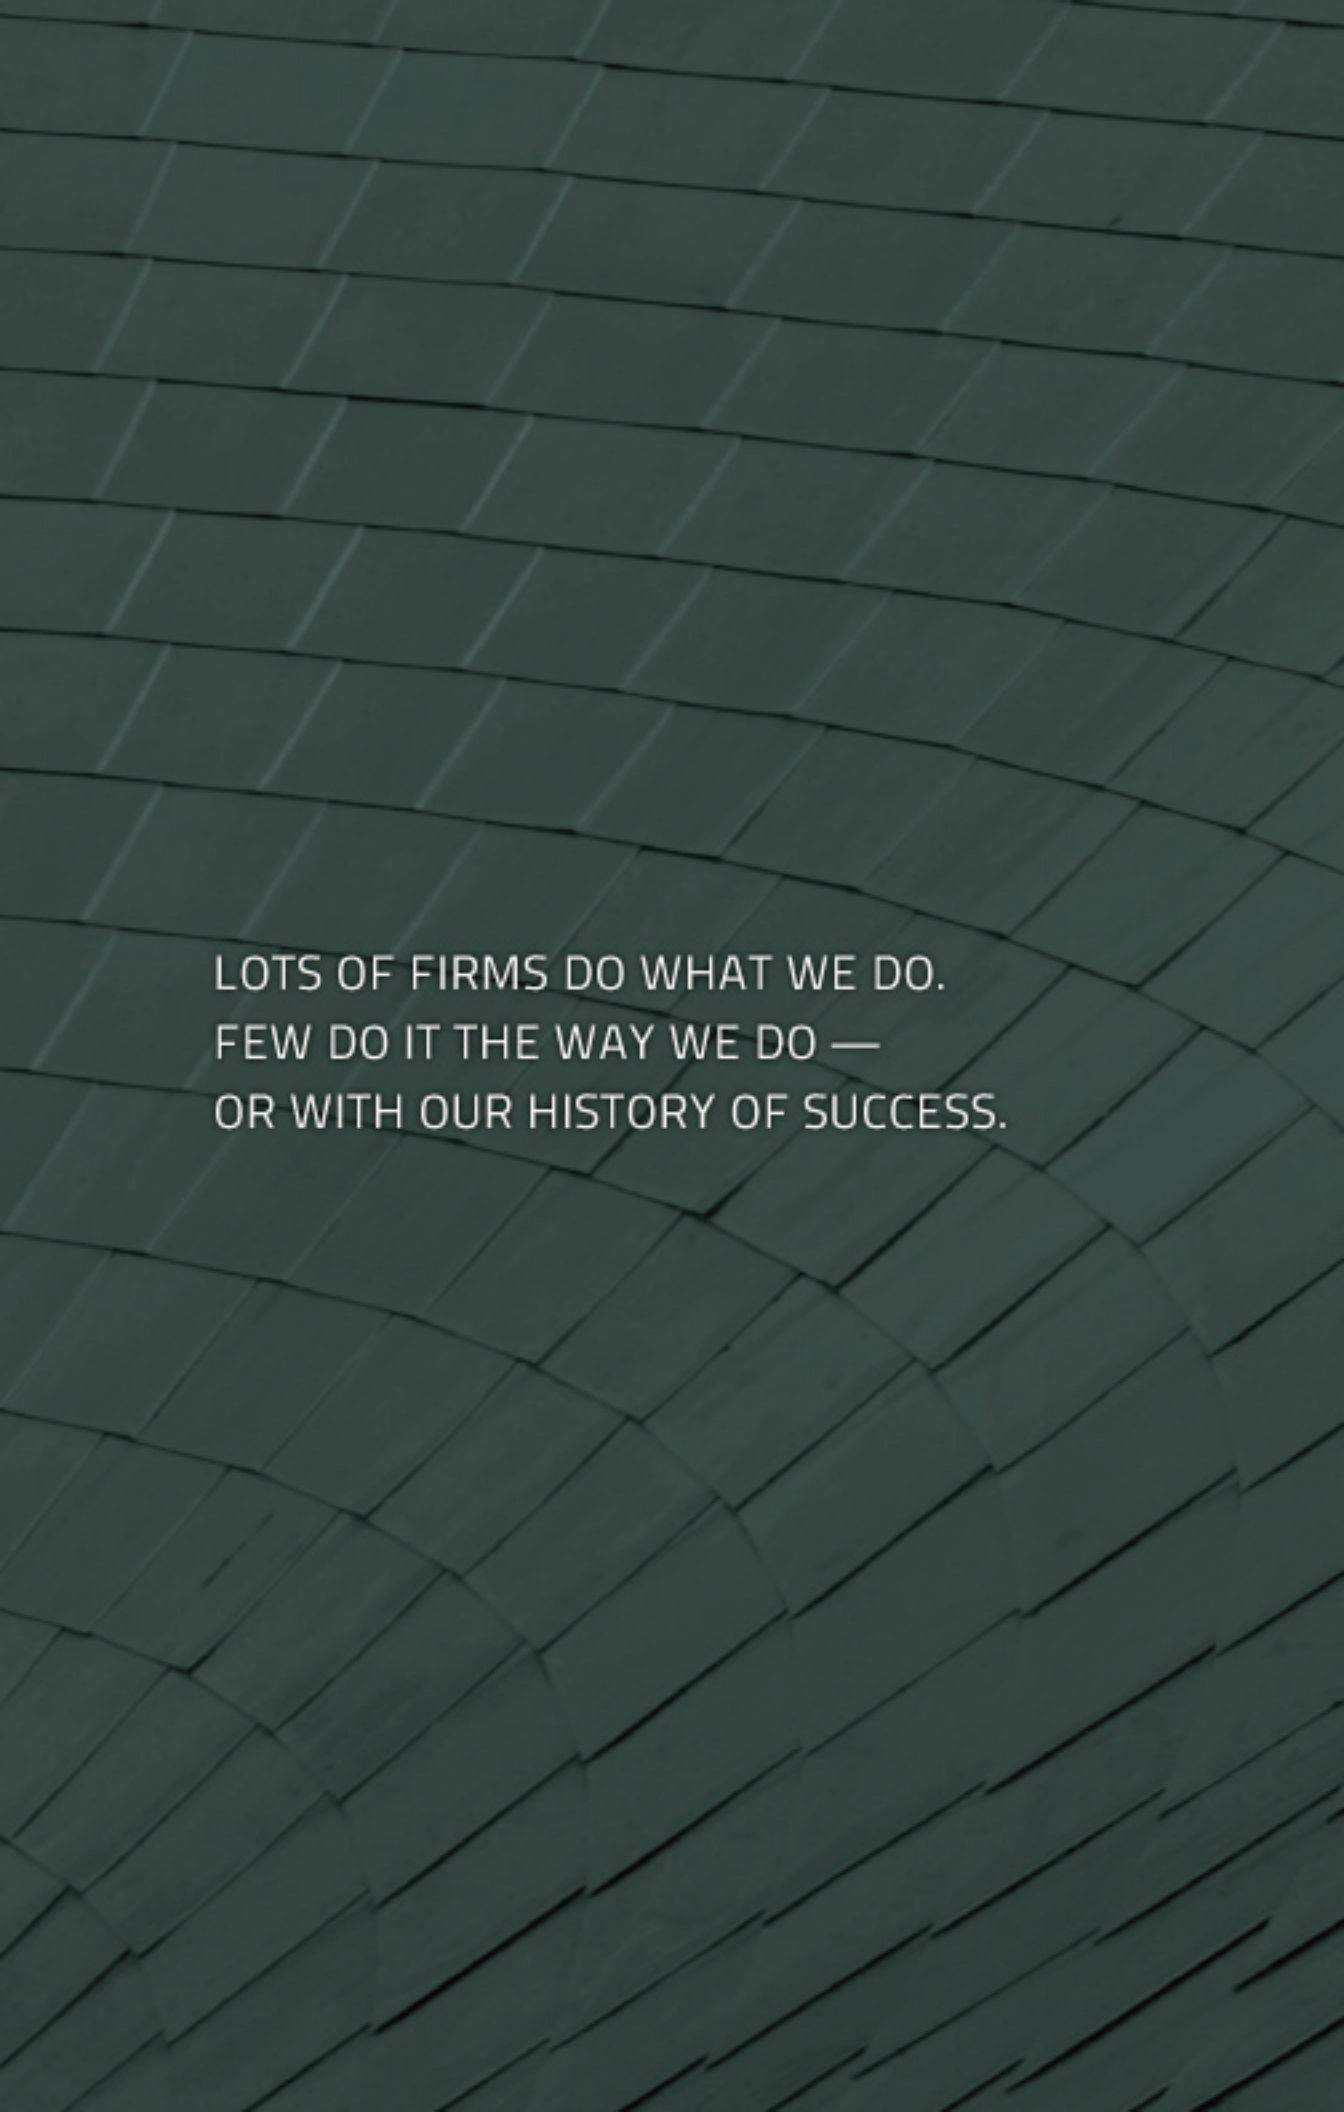

THE HIGHEST STANDARD
IS OUR STANDARD PRACTICE.

Our attorneys are experienced, ethical and accountable. We come from diverse backgrounds, but share a passion for client service, achievement and success. We are never afraid to take on a tough case, make a novel argument or approach an issue creatively.

Our reputation is built on the quality of results we achieve, our focus on our clients and our leadership in the legal community.

Our clients' success is our goal.

LOTS OF FIRMS DO WHAT WE DO.
FEW DO IT THE WAY WE DO —
OR WITH OUR HISTORY OF SUCCESS.
